

Sudoku met overlappende patronen:

Het gekleurde patroon (in dit voorbeeld blauw) met zes cijfers gecombineerd met het geel gekleurde patroon met drie cijfers bevatten samen de cijfers 1 t/m 9. Dit geldt ook voor de andere patronen (grijs, rood etc.) die altijd met het gele patroon gecombineerd moeten worden.

Explanation: Sudokus with patterns and overlapping sections.

The colored pattern (blue in this example) with six positions combined with the yellow pattern with three positions make up the numbers 1 to 9. This also applies to other patterns (gray, red etc.) all colors must be combined with the yellow pattern.
